CALL FOR PAPERS

CONFERENCE ON

TELECOMMUNICATIONS & INFORMATION (CTI)

The CTI conference is a traditional forum for scientists and practitioners in the merging area of telecommunications and information and communication technology. The conference is an opportunity for the researchers, industry professionals, and academics interested to exchange experience and research results, and to discuss different aspects of emerging communication technology and approaches in solving identified challenges in this field.

SCOPE

The scope of the conference includes, but is not limited to:

- Integration of Information and Telecommunication Systems
- ICT and Cybersecurity
- Interactions of ICT with Other Technologies
- Research and Development of ICT Systems
- Wireless and Wireline Communications
- Optical Communications in Core and Access Networks
- Satellite Communications; New Generations Networks
- 5G Mobile Network and Beyond - Theory, Practice, Predictions, Security
- Control and Management in Communication Networks
- Network Performances and Quality of Service; Dependability and Protocols
- Network Modeling, Simulation, Security and Energy Efficiency
- Information Security and Signal Processing
- Enterprise Infrastructure and Applications
- Internet of Things/Everything (IoT/IoE) and Smart Society Concept
- Intelligent IoT (IIoT)
- ICT Solutions Based on Emerging Technologies (Virtual/Augmented/Mixed Reality)
- Holographic Communication, Machine Learning, Robotics
- Accessibility and Assistive Technology; Technology for Inclusive Society
- m-Health/ e-Health / Ambient Assisted Living
- Biomedical Applications of ICT
- Social Influences and Responsibilities of ICT's
- Human Factors in Service Personalization
- Self-Service Platforms for End Users
- Unmanned Aerial Vehicles
- Telecommunications for Industry 5.0

Please forward to your colleagues

The theme in focus is "Telecommunications and Emerging Technologies".

As part of the CTI conference the **presentations** of the information and telecommunication products and services are welcome as well.

Official languages are English and Croatian.

Accepted papers in English presented at the conference will be submitted for inclusion in the IEEE Xplore Digital Library.

TECHNICAL CO-SPONSORSHIP

Submit your paper for the conference CTI which will be held at the 47th ICT and Electronics Convention MIPRO 2024.

REGISTRATION / FEES

ABOUT LOCATION

Opatija is the leading seaside resort of the Eastern Adriatic and one of the most famous tourist destinations on the Mediterranean. With its aristocratic architecture and style, Opatija has been attracting artists, kings, politicians, scientists, sportsmen, as well as business people, bankers and managers for more than 170 years.

The tourist offer in Opatija includes a vast number of hotels, excellent restaurants, entertainment venues, art festivals, superb modern and classical music concerts, beaches and swimming pools – this city satisfies all wishes and demands.

Opatija, the Queen of the Adriatic, is also one of the most prominent congress cities in the Mediterranean, particularly important for its ICT conventions, one of which is MIPRO, which has been held in Opatija since 1979, and attracts more than a thousand participants from over forty countries. These conventions promote Opatija as one of the most desirable technological, business, educational and scientific centers in South-eastern Europe and the European Union in general.
