CALL FOR PAPERS

CONFERENCE ON

ENGINEERING EDUCATION (EE)

SCOPE

MIPRO Conference on Engineering Education (EE) is calling for submissions of high-quality papers that explore innovative approaches, research, and practices in engineering education. This conference aims to bring together scholars, educators, and industry professionals to discuss the challenges, opportunities, and advancements in the engineering education field. We welcome original contributions in form of professional or scientific papers that address current trends, emerging technologies, and transformative teaching methodologies that enhance student learning outcomes, support diversity and inclusion, and improve educational practices in engineering programs. This conference provides a platform to share research findings, practical experiences, and collaborative strategies to shape the future of engineering education.

Topics of interest include, but are not limited to:

- Innovative Teaching and Learning Strategies in Engineering Education
- Online and Blended Learning in Engineering Programs
- Assessment and Evaluation Methods for Engineering Students
- Diversity, Inclusion, Mental Health, and Emotions in STEM Education
- Technology-Enhanced Learning: AI, AR, and VR in Engineering Classrooms
- Curriculum Design and Development for Future Engineers
- Industry-Academia Partnerships and Interdisciplinarity for Engineering Education
- Integrating Sustainability and Ethics in Engineering Curricula
- Engineering Education Research and Student Motivation
- Work-Based Learning and Skills Development in Engineering Education
- K-12 STEM Education Initiatives
- Game-based Learning and Gamification, Innovative Laboratory Concepts

Official languages are English and Croatian.

Accepted papers in English presented at the conference will be submitted for inclusion in the IEEE Xplore Digital Library.

Please forward to your colleagues

Submit your paper for the conference EE which will be held at the 48th ICT and Electronics Convention MIPRO 2025.

ABOUT LOCATION

Opatija is the leading seaside resort of the Eastern Adriatic and one of the most famous tourist destinations on the Mediterranean. With its aristocratic architecture and style, Opatija has been attracting artists, kings, politicians, scientists, sportsmen, as well as business people, bankers and managers for more than 180 years.

The tourist offer in Opatija includes a vast number of hotels, excellent restaurants, entertainment venues, art festivals, superb modern and classical music concerts, beaches and swimming pools – this city satisfies all wishes and demands.

Opatija, the Queen of the Adriatic, is also one of the most prominent congress cities in the Mediterranean, particularly important for its ICT conventions, one of which is MIPRO, which has been held in Opatija since 1979, and has attracted more than a thousand participants from over forty countries. These conventions promote Opatija as one of the most desirable technological, business, educational and scientific centers in South-eastern Europe and the European Union in general.
